UNDERWEAR AND HOBIERY.

Stylish Clothing --- Men's and Boys'.

We talk a good deal about our MEN'S TEN DOLLAR SUITS, and we make an apologies for doing it. They deserve ten times as much talking about as they get. They friest the wisk es of ten times us many men as any other line of suits we sell. FIRST. b.canse the price admits of a very fine classe of pure wool fabrics, and enables as to resume high-class workmanship on them. SECONDLY—because we are allling to crowd the profile by getting the ulmost that can be sold at that price. You're seen a good many TEN DOLLAR SUITS of course; but if you have not seen Robinson's you don't know how much character and style, what therough-going isloving, what comfort and perfect for an abe bought for this amount of money Care, skill and brains combine to make unsuand clothing at this price, and if you have ten dollars to spend for a suit you should see what we show. Over 700 Men's, Youths' and Children's Soits to select from.

LAST YEAR our Xmas Display was admitted on every hand to be the finest ever shown by any store in the district. Of course there were the "wise obes" who shook their heads and remarked that our stock was entirely too large and HIGH CLASS for a country store. Last year's experience, however, has taught us that our customers appreciate having an ap-to-date stock kept in their immediate vicinity, and as a consequence our Xmas Display THIS YEAR entirely eclipses last year's.

THIS IS THE STORE that helps happy hundreds to give OLD SANTA a right royal welcome—that helps to spread the Christmas cheer by making the Christmas moves go furthest. This is the ONE place you must not fail to use in your holiday preparations.

Consumption

Salt pork is a famous oldfashioned remedy for con-sumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs

Scott's Emulsion is the mod ern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is some-thing about the combination of cod liver oil and hypophos-phites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

No case that this pieces in the form of a label is on the respect of every lambs of SCOTT &
